Fall 2020

Fall Maintenance

This November we will be putting on hose bib covers and closing foundation vents throughout the community. We will place door hangers on the homes that need to be entered for these purposes. We will make sure and give you plenty of notice before it is done.

This is a great time to check your smoke detectors. If you have not changed the batteries in the last six months or more, now is a good time to do so. If you need help changing the batteries please call the Wildwood office to schedule some assistance.

Protection Pest Management

We would like to remind folks that you should expect to see our pest control provider – Protection Pest Management – on site the third week of every month on either Tuesday or Thursday. Be prepared to see them on this regular schedule. If they need to access any backyards, you will be notified via email ahead of time.

Mahonia Vineyard Curbside Wine Specials

This is a final reminder that the Curbside Wine Specials will be ending soon. The specials run through September 30th. Now is the time to grab a few bottles at the discounted prices before it's too late!
