COMMUNITY MAP

1 LEASING OFFICE

2 WOODED WALKING PATH

Woodscape Glen is a fantastic walking environment. A vegetated bioswale meanders through the development, attracting wildlife and beautiful native flora. Many tenants incorporate a leisurely stroll through our park like setting into their daily routine.

3 BIOSWALE

A signature element of all our developments, bioswales capture and cleanse runoff before it returns to the natural watershed, thus preventing contaminated runoff from harming nearby rivers and lakes.

4 NATIVE PLANT GARDEN

The native plant garden is filled with native and native compatible plantings. Besides being beautiful, native plants are low-impact and drought tolerant.

5 WOODSCAPE COMMONS

Open space is at the heart of the Woodscape Glen development. Woodscape Commons is the location of our community garden, and a great place to connect with nature, celebrate events or simply relax in a quiet, wooded environment.
